#### Comment

After selecting 2 filter categories from the Store page, the games from the second selected category do not appear on the page. Only one category at a time works.

Step	1
Action	Open the website "GOG"
Input data	www.gog.com
Expected result	The website opened
Status	Passed
Step	2
Action	Click on the "Store" option at the top of the website
Input data	
Expected result	The store page is opened
Status	Passed
Step	3
Action	Set a price range between 1-100
Input data	
Expected result	Only the games within the price range appeared on the page
Status	Passed
Step	4
Action	Set the filter with only one game category at a time
Input data	Each category must be selected separately

Expected result	Only the games within that specific category appeared on the page		
Status	Passed		
Step	5		
Action	Set the filter with 2 or more categories at a time		
Input data			
Expected result	The games within the specific categories appeared on the page		
Status	Failed
